Hydrobiologia

The International Journal on Limnology and Marine Sciences

Contents

Volume 347

Desiccation of *Panagrolaimus rigidus* (Nematoda): survival, reproduction and the influence on the internal clock
by C. Ricci & M. Pagani 1–13

Ultrastructural features of the epidermis of the planarian *Artioposthia triangulata* (Dendy)
by C. McGee, I. Fairweather & R.P. Blackshaw 15–24

A comparison of clustering methods for river benthic community analysis
by Y. Cao, A.W. Bark & W.P. Williams 25–40

Impact of the Gabčíkovo hydropower plant operation on planktonic copepods assemblages in the River Danube and its floodplain downstream of Bratislava
by M. Vranovský 41–49

Do respiratory metabolic rates of the scyphomedusa *Aurelia aurita* scale isometrically throughout ontogeny in a sexual generation?
by J. Kinoshita, J. Hiromi & S. Kadota 51–55

Detection and characterization of denitrifying bacteria from a permanently ice-covered Antarctic Lake
by B.B. Ward & J.C. Priscu 57–68

Spatial and temporal variability in biomass density of *Myriophyllum spicatum* L. in a northern temperate lake
by R.A. Lillie, J. Budd & P.W. Rasmussen 69–74

Comparative feeding efficiency of indigenous and introduced phytoplanktivores from Lake Victoria: experimental studies on *Oreochromis esculentus* and *Oreochromis niloticus*
by I.E. Batjakas, R.K. Edgar & L.S. Kaufman 75–82

Food preferences of *Neosarmatium meinerti* de Man (Decapoda: Sesarminae) and its possible effect on the regeneration of mangroves
by F. Dahdouh-Guebas, M. Verneirt, J.F. Tack & N. Koedam 83–89

Temperature influence on development and calcification of *Herpetocypris brevicaudata* Kaufmann, 1900 (Crustacea: Ostracoda) under experimental conditions
by J.R. Roca & G. Wansard 91–95

Changes in biofilms induced by flow regulation could explain extinctions of aquatic snails in the lower River Murray, Australia
by F. Sheldon & K.F. Walker 97–108

Ingestion, fecundity, growth rates and culture of the harpacticoid copepod, *Tisbe furcata*, in the laboratory
by T.S. Abu-Rezq, A.B. Yule & S.K. Teng 109–118

Responses of benthic macroinvertebrates in small intermittent streams to silvicultural practices
by A.V. Brown, Y. Aguila, K.B. Brown & W.P. Fowler 119–125

Benthic macrofauna of the mangrove swamp treated with municipal wastewater
by R.-Q. Yu, G.Z. Chen, Y.S. Wong, N.F.Y. Tam & C.H. Lan 127–137
Meiofauna of springs in Finland in relation to environmental factors
by J. Särkkä, L. Levonen & J. Mäkelä 139–150
The influence of road salts on the salinity and the meromictic stability of Lake Svinsjøen, southeastern Norway
by J. Kjensmo 151–158
Distribution patterns of freshwater Ostracoda (Crustacea) in the Canary Islands with regard to habitat use and biogeography
by B. Malmqvist, C. Meisch & A.N. Nilsson 159–170
Diatoms as quantitative indicators of pH and water temperature in subarctic Fennoscandian lakes
by J. Weckström, A. Korhola & T. Blom 171–184
Seasonal changes in alkaline phosphatase activity of bacteria and microalgae in Lake Pavin (Massif Central, France)
by D. Jamet, C. Amblard & J. Devaux 185–195
Some environmental factors affecting the reproduction of *Aphanius dispar* (Rüppell, 1828)
by V. Frenkel & M. Goren 197–207

Author index 209

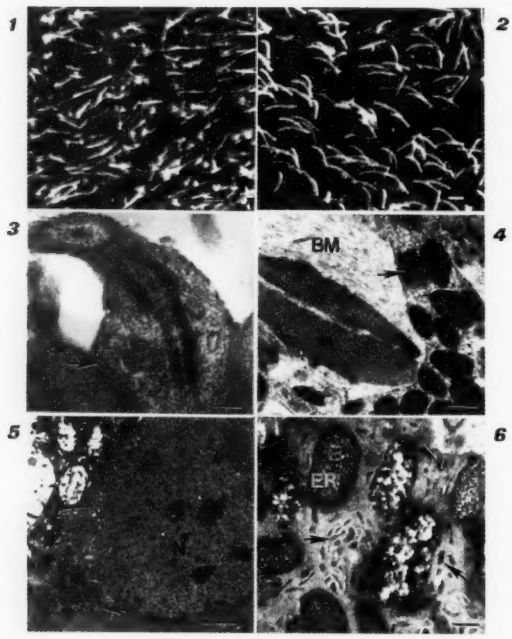

Illustration on cover: For explanation see p. 18.
